

EUREKA COUNTY SCHOOL DISTRICT

OBJECTIVES

The quantity and quality of learning programs are directly dependent on the funding provided and effective, efficient management of those funds.

It will be the responsibility of the superintendent to see that the district's fiscal management methods are up to date and modeled after the best accepted business practices in order to serve the goals of a modern continually improving educational program for the children and the youth of the district.

Further, the Board recognizes the important trust it has been given with the responsibility of managing a large amount of public resources. As trustee of local, state, and federal funds allocated for use in public education, the Board will be vigilant in fulfilling its responsibility to see that these funds are used wisely for achievement of the purposes to which they are allocated.
