

ADMINISTRATIVE REGULATION

IN-LIEU OF TRANSPORTATION REIMBURSEMENT

1. If the distance from a Eureka County resident student's home to the nearest bus stop or school is 5 miles or more and the District declines to provide bus service to the student's residential area, the Board may elect to offer reimbursement to the student's parent or guardian in the form of In-Lieu of Transportation compensation. In-Lieu of Transportation reimbursement will not be provided for those students who live less than 5 miles from the nearest bus stop or school.
2. The parent or guardian seeking reimbursement must submit an application to the Board yearly. Application will be made on a form to be provided by the District. This application must be approved by the Board before reimbursement will be paid. If reimbursement is approved by the Board, payment will be made from the first day of attendance by the student or the date of receipt of the application for reimbursement, whichever is later.
3. In-Lieu of Transportation reimbursement will be paid for one round trip per day, per family.
4. The mileage reimbursed is from the student's home to the nearest bus stop or school, whichever is less. The distance is to be submitted by the parents and is subject to confirmation by the District.
5. The rate of this reimbursement will be one-half the Nevada State Rate per approved mile, per day. This rate is subject to adjustment by the Board.
6. Reimbursement will be provided only for the dates that the children attend school. Attendance figures must be provided by the parents monthly and confirmed by the school before any reimbursement is authorized.
7. If the mileage information or the attendance information provided by the parents is incorrect the Superintendent may, if he/she believes warranted, suspend reimbursement.

ADOPTED 7/28/ 98

REVISED: 05/21/19

8. The names of all persons transporting the students must be submitted to the District.
9. All persons transporting the students must possess a valid driver's license and valid registration and maintain insurance on the vehicle(s) used to transport the students to and from school or the bus stop. This insurance must be maintained to the limits specified in NRS 485.105. Current proof of compliance of these requirements must be maintained at the District Office throughout the period of reimbursement. Reimbursement will not be paid by the District for any periods of transportation that current proof of compliance is not maintained.
